A little out so it is not too obvious, but the star of kike nevertheless. Created from existing points, the points created by 2 countries is no coincidence!

WHAT ARE THE SYMPTOMS OF CORONAVIRUS?

Like other coronaviruses, including

Boston Marathon Bombing & Khan

I can assure you that they want me nowhere near the kike propaganda box, & the percentage of you who get on it are minute. Maybe one thinks I have just chosen 3 bald glasses wearing guys? When one realizes that primarily kikes & masons along with any other that is corrupt are the prime players, the likelihood of me finding spitting & quite well matching characters with different names is highly unlikely unless the stated case is indeed the case. One must remember this is kikewood where the skill is acting & playing different characters, like in Jupiter Ascending with the same few characters playing different people & also sexes, so make-up & synthetic skin alters the same person's appearance a little.

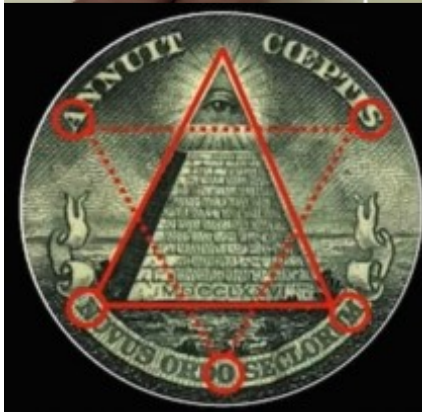

One can see the same creases around the mouth, & on the crease to the left of his mouth on his chin is a spot, the nose & ears also match up. Do not be fooled by bullshit about light conditions showing differences in pictures. I have watched many home recordings where I can not determine one's colour, white or something else because of lighting conditions. There are so many of us that we encroach upon another's appearance & we mistake people sometimes, yet this person is the same & merely laughs at the idiots who fail to see multiple characters played.

Bowie on Sky News as Jack Steven talking about Bowie's (his) death.

Bill Hicks stated that he was going to play the the character that turned out to be Alex Jones.

The Swedish Clinic can be contacted on 02036955388/00905306801479 to ask about tummy tucks which clearly has to do with pulling the skin somewhat tighter.

I just decided to flick through this for this reason, finding another of the kike fuckers! Relating to Boston & of course here she is again with Khan as a witness if I recall.

All of these kikes enjoy life unlike that starving child who does not get fuck all apart from maybe a few meals whilst the kike exploits him. How often & how much of your labour goes into these kikes pockets whilst not only that kid starves but some of ours are not that far behind!

The back of a dollar bill does not by coincidence fit these 2 kike symbols perfectly upon them & through Masonry spells mason!
